Dear Mr.Weisburg,

I wrote to you back about a year ago reqesting info and prices on all of your past and present work regarding the J.F.K. assasination. I have read alot of your work including most recently "Case Open". I hope that all of the skeptics and those who gave all the praise to "Case Closed" had a chance to read it also.

I can,t believe how the American people were dooped again, this time by Gerald Posner. I guess he is just another name on the long list of "slime". I wonder who his paymaster was ?.

I have been patiently waiting for your newest book "Never Again" to be published.I would greatly appreciate it if you could send me a price on "Never Again". I would love to have an autograph copy of "Never Again" signed by you. I have great admiration for you and the battles you have faced over the years in seeking the truth.

Sincerly Yours,

Darren McCabe
